

Cookie Policy:

AJT Showers Limited uses cookies on this website. By using our website, you agree to the use of cookies.

What is a Cookie?

A “cookie” is a piece of info that is stored by your computer and records the way you use a website, so that when you revisit the website it can offer you bespoke information based on previous data. They can also be used for marketing and advertising to analyse the traffic on the website. Cookies are widely used and aren’t unsafe but you can refuse cookies at any time via the settings on your browser which allow you to block settings of all or some cookies. If you do wish to block cookies then there may be parts of our site that you cannot access or use properly.

How AJT Showers Limited uses cookies: We use “cookies” to compile information so that we can see how our website is used and optimise our website as well as your overall experience. Additionally, we use “cookies” to improve our marketing and to make it more pertinent by showing you relevant offers and promotions on our websites.

Cookies come in different forms:

- **Session cookies:** these are only stored temporarily in your browser and are automatically deleted when you close your browser down – they do not collect personal data from your computer or its memory. Typically they are used to store an anonymous session ID so you can browse a website without having to log in.
- **Persistent cookies:** a persistent cookie that is saved on your computer even after you close your browser. The cookie is read by the website that created it on each visit to that website. This is used for Google Analytics.
- **Performance Cookies:** These cookies allow us to monitor and ameliorate the performance of our website. E.g. to track volume of visits, to categorise traffic sources and identify which parts of the site get the most traffic, to recognise information about you and how you use our website for example which pages you visit, and if you experience any errors. These cookies collate information anonymously.
- **Functionality cookies:** Functionality cookies are used to deliver advanced features. Blocking these cookies will reduce the assistance we can provide and impair functionality. For example, social media sharing cookies apply when you share our content on platforms such as Instagram or X.
- **Marketing cookies:** **AJT Showers Limited** uses trusted marketing suppliers. From time to time you might notice **AJT Showers Limited** advertising on other websites. This is because a cookie has been used to target this message to you. However, we cannot specifically identify an individual and the cookies are totally anonymous. If you wish and you have the possibility of opting out of this tailored marketing from these suppliers at any time. However doing so may stop us from providing you our full range of options and services.

Where can you find out more?

For more information about “cookies” or if you would like to learn how to remove cookies set on your device, visit: <https://www.aboutcookies.org/> or visit your browsers help pages.
